Parting Blessing for Workers

God of our callings, we ask you to bless these men and women gathered here today. Fill them with your strength, guide them with your love. Let them know of our prayers and support for their daily work. Lead all of us to work together toward your vision of flourishing for creation. We ask that you bless each one of us in our labors, and send us forth to serve your name.

(Stretch out your hands in blessing or bless the hands of each person in turn.)

May God bless you and the work of your hands, now and forever-more. Amen
