Prayer to the God of Beauty and Wonder

God of beauty and wonder,

Thank you that you didn't just make things functional, ordinary, or regular.
You made things unusual, bright, different, varied, strange, and gorgeous.
You created us as your work of art, with the ability to appreciate beauty.

Thank you that in the New Earth there will be no defects, but everything will be beautiful.

Help us to see the unnecessary beauty around us,
    to make our workplaces beautiful,
    To create beauty, and to celebrate beauty in our working.
Help us to receive all of this with open hands.
Amen
